Key Locations of PCC Group Manufacturing Units

POLAND

1. BRZEG DOLNY

PCC Rokita SA

- Caustic soda
- Polyether polyols
- Ipol
- Polymer polyols (SAN)
- Phosphorus and naphthalene products
- Polyurethane Systems

PCC PU Sp. z o.o.

- Polyester polyols
- PU systems
- Prepolymers

PCC Exol SA

- Surfactants

PCC MCAA Sp. z o.o.

- MCAA

2. PŁOCK

PCC Exol SA

- Surfactants

3. KĘDZIERZYN-KOŹLE

PCC Synteza SA

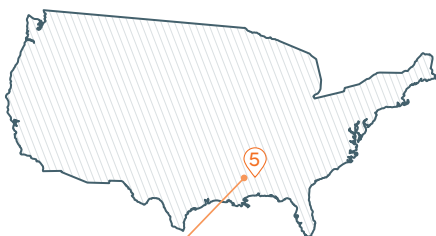

- Nonylphenols and dodecylphenols

4. MYSŁOWICE

PCC Prodex Sp. z o.o.

- PU systems

USA

5. PIEDMONT

PCC Chemax Inc.

- Surfactants and specialised products

ASIA

6. THAILAND

IRPC Polyol Company Ltd.

- Polyols and specialised products

7. PCC MALAYSIA

Oxyalkylates Malaysia Sdn. Bhd.

- Alkoxyolate plant

AFRICA

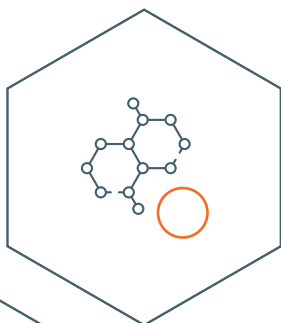

8. GHANA

PCC Organic Oils Ghana Limited

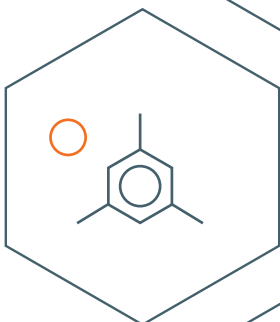

- Palm Oil

– manufacturer of chemical products and formulations for the industry

Chlor-alkali

- chlorine
- chlorine derivatives
- sodium hydroxide

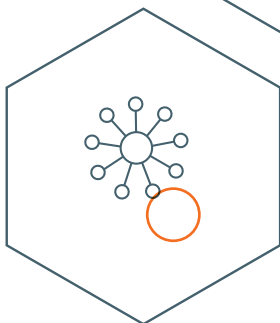

Polyurethanes

- polyester polyols
- polyether polyols
- polyurethane systems

Speciality products

- specialised additives
- chemical formulations
- oils and lubricants
- flame retardants

Surfactants

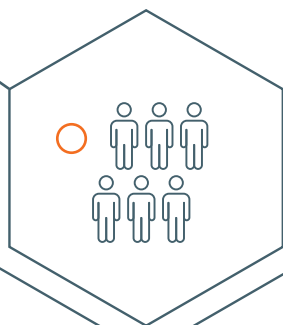

- amphoteric
- anionic
- cationic
- non-ionic
- chemical formulations

R&D in PCC Group

Innovative solutions and technical support

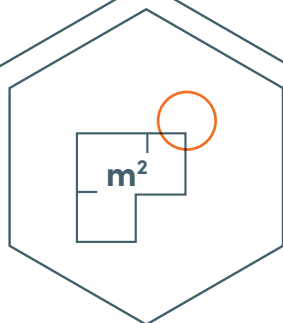

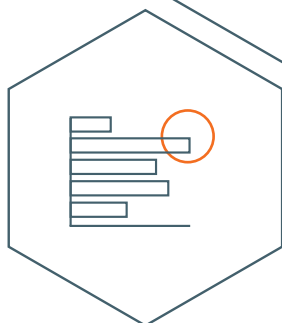

100

researchers
and technical
staff

155

employees in
analytical
laboratories

883.000

laboratory analyses
per year

4.200

m² of laboratory
space

Specialised laboratories for chemical syntheses, chemical analysis, production and application testing:

- designing and implementing new products
- customer technical support
- research and development support
- cooperation with universities and research units

Sustainable Development

- 4 pillars

PILLAR 1: Organisation

Sustainable development is firmly anchored in our company philosophy – both in terms of economics and social and environmental issues. We understand those areas as a whole that consists of interdependent factors of sustainable development.

Sustainable Development

- 4 pillars

PILLAR 2: Society

Sedex Member

Our experience, resources, and the commitment of our employees allow us to effectively support various organisations that focus on corporate social responsibility.

Sustainable Development

- 4 pillars

PILLAR 3: Environment

Sedex | Member

Aware of the impact of our operations on the environment, we are taking initiatives to reduce the negative effects of our production processes on the environment.

Sustainable Development

- 4 pillars

PILLAR 4: Market

Sedex Member

The PCC Group is a manufacturer operating in the chemical industry, and as such it follows global environmental and social trends, implementing them both in its current operations and in the long-term strategy.

Management Systems:

By keeping and improving management systems in the areas of quality, environment, occupational health and safety, and energy, we are meeting a whole range of requirements of our customers and other stakeholders who expect us to guarantee that we are maintaining the relevant standards in the implementation of business processes. We are aware of the role and responsibilities resulting from the adopted guidelines for each of these systems.

PCC Group Offer:
www.products.pcc.eu

More than
1100 chemical
products
for industry

Three white interlocking puzzle pieces are arranged on a light gray background. Overlaid on the pieces is a faint, glowing blue molecular structure with nodes and connecting lines.

Synergy is Our Strength

Operating in the international structures of the PCC Group, we can create and develop in many directions, setting trends together in modern chemistry.
